

6201/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

Technical specification

DIMENSIONS, MM

d	12,000
D	32,000
B	10,000

WEIGHT, KG

0,037

MANUFACTURER

[SKF](#)

CALCULATION DATA

Basic static load rating, Co	3,100 kN
Limiting speed	400 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
