

6304/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

Technical specification

DIMENSIONS, MM

d	20,000
D	52,000
B	15,000

WEIGHT, KG

0,140

MANUFACTURER

[SKF](#)

CALCULATION DATA

Basic static load rating, Co	7,800 kN
Limiting speed	250 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
