

6306/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

Technical specification

DIMENSIONS, MM

| | |
|---|--------|
| d | 30,000 |
| D | 72,000 |
| B | 19,000 |

WEIGHT, KG

0,350

MANUFACTURER

[SKF](#)

CALCULATION DATA

| | |
|------------------------------|-----------|
| Basic static load rating, Co | 16,000 kN |
| Limiting speed | 170 r/min |
| Operating temperature min | -30 °C |
| Operating temperature max | 250 °C |
