

## 6308/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

### Technical specification

#### DIMENSIONS, MM

d	40,000
D	90,000
B	23,000

#### WEIGHT, KG

0,630

#### MANUFACTURER

[SKF](#)

#### CALCULATION DATA

Basic static load rating, Co	24,000 kN
Limiting speed	130 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
