

6211/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

Technical specification

DIMENSIONS, MM

d	55,000
D	100,000
B	21,000

WEIGHT, KG

0,610

MANUFACTURER

[SKF](#)

CALCULATION DATA

Basic static load rating, Co	29,000 kN
Limiting speed	110 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
