

6213/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

Technical specification

DIMENSIONS, MM

d	65,000
D	120,000
B	23,000

WEIGHT, KG

1,000

MANUFACTURER

[SKF](#)

CALCULATION DATA

Basic static load rating, Co	40,500 kN
Limiting speed	90 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
