

## 6217/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

### Technical specification

#### DIMENSIONS, MM

d	85,000
D	150,000
B	28,000

#### WEIGHT, KG

1,800

#### MANUFACTURER

[SKF](#)

#### CALCULATION DATA

Basic static load rating, Co	64,000 kN
Limiting speed	70 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
