

6004/VA201 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For the most common applications, type VA201 (-30°/+250°) (SKF)

Technical specification

DIMENSIONS, MM

d	20,000
D	42,000
B	12,000

WEIGHT, KG

0,067

MANUFACTURER

[SKF](#)

CALCULATION DATA

Basic static load rating, Co	5,000 kN
Limiting speed	290 r/min
Operating temperature min	-30 °C
Operating temperature max	250 °C
