

6310-2Z/VA228 SKF

Deep groove ball bearings

TYPE: Ball bearings, Radial ball bearings, Single row, High temperature, For top requirements, type 2Z/VA228 (-150°/+350°) (SKF)

Technical specification

DIMENSIONS, MM

| | |
|---|---------|
| d | 50,000 |
| D | 110,000 |
| B | 27,000 |

WEIGHT, KG

1,100

MANUFACTURER

[SKF](#)

CALCULATION DATA

| | |
|------------------------------|-----------|
| Basic static load rating, Co | 38,000 kN |
| Limiting speed | 110 r/min |
| Operating temperature min | -150 °C |
| Operating temperature max | 350 °C |
